BEYOND COMPLIANCE

OUR MISSION

To provide superior building regulations consultancy services by constantly improving through innovation, foresight, and optimum performance. We place emphasis on building a tradition of community and industry trust through integrity, honesty, and professionalism.

WHY

EBS Consultants aim to be above the rest by maintaining a high level of professionalism, honesty and integrity ensuring our work is of the highest standard. Efficiency, quality and client satisfaction is paramount to our business. Our experience and ability to provide solutions for unique situations allows us to be second to none and excel in any project no matter how complex the building is.

INNOVATION

Who We Help

Builders

Builders rely on EBS Consultants for pragmatic, expert guidance. We provide industry leading advice on building design and service coordination. We conduct an assessment against the provisions of applicable legislation to ensure the construction of safe, compliant buildings. Our array of sustainable building services is designed to effectively support Builders in meeting milestones.

Strata Managers

We work closely with the strata plan to ensure peace of mind and cost savings. We are committed to providing tailored solutions that address non-compliance with the Building Code of Australia (BCA). We are committed to providing expert advice to prioritise the welfare of the community.

Barristers & Lawyers

At EBS Consultants, we pride ourselves on providing precise, easy to understand guidance to ensure compliance with the Building Code of Australia (BCA). We provide high-quality expert fire reports, to help you settle out-of-court.

Government

EBS Consultants has extensive experience managing projects at all government levels. Our consultants collaborate seamlessly with all stakeholders to assure the safety and compliance of buildings. With proficiency in areas relating to building approval, building compliance, accessibility, and fire safety, we deliver tailored solutions regardless of project complexity.

Commercial

We ensure each stakeholder has strategic project plans and informed advice on compliance with building code and fire safety standards. Our expertise isn't just a service; it's your gateway to assurance and success in your building projects.

Aged Care

At EBS Consultants, we bring a wealth of expertise to the realm of aged care services. Our ultimate objective is to ensure a secure and sustainable environment for all members of the community throughout the lifespan of a building. We pride ourselves on our focus to provide tailored solutions that prioritise the welfare of the aged care community

Meet Our Director

Matthew Harriman

Managing Director | Founder

Matthew Harriman, Founder and Managing Director of EBS Consultants, is an unrestricted building surveyor in NSW (formally known as AI accreditation) and South Australia. He delivers his expertise with more than 14 years of experience across the diverse structures of the ever-evolving construction industry.

Matthew is committed to ensuring that our clients are delivered with the highest level of service and upholding the utmost conduct and ethical practice.

Matthew has had the privilege to work alongside the industry's experts, consultants, and legal teams resulting in a wealth of knowledge and experience. Taking a liking to complex problems and the challenges involved with identifying, observing, rationalising, and explaining fire and life safety building defects in litigation-compliant reports.

Matthew continues to further his education and develop his knowledge and understanding of legislation, building codes, and Australian standards.

Matthew is not shy to any sport and is a keen outdoorsman with a like to motor racing, dirt biking and off grid adventures. In all aspects of life Matthew is a high achiever.

Meet Our Team

At EBS Consultants, we have built an operation predicated on constant refinement and relentless growth. Together, we create innovative solutions, support each other when it's crunch time, and come back the next day to do it all over again. Our staff help make EBS Consultants what it is today.
